One Man Killed and Two Injured When Engine Strikes Handcar Full of Men.

SENATORS' PROBE ENDED

Committee Which Visited Pittsburgh District to Investigate Conditions in Connection With the Steel Strike Returns to Washington on Sunday.

By Associated Press
YOUNGSTOWN, O., Oct. 13.—Considerable turbulence is reported throughout the valley this morning as the mills are resuming operations in greater volume. Crowds of strikers about each plant stoned strike-breakers and many arrests have been made. At East Youngstown an engine struck a handcar with men on their way to work killing one and seriously injuring two.

PITTSBURGH, Oct. 13.—With the Senate's investigation of the steel workers strike in the Pittsburgh district ended today in actual strike developments, which were few. The Senators, after spending three days here, during which time they visited steel communities and held hearings, left late last night for Washington.

CANTON, O., Oct. 13.—Striking iron and steel workers began to return to work in the mills here this morning by the hundreds. About 2,000 in all went to work, officials said.

PITTSBURGH, Oct. 13.—Steel companies with general offices in this city today reported that from their standpoint conditions as a result of the steel strike which entered upon its fourth week continued to improve. There was no general return of strikers to work reported but without exception many officials where plants are in operation said there were increased numbers of men in the mills today. The entire Pittsburgh strike district was quiet.

CLEVELAND, O., Oct. 13.—A number of steel workers said to be former employees of the Lakeland plant of the Otis Steel company returned to work this morning, according to company officials.

STRIKE ENDS

Roundhouse Men in Altoona and Hollidaysburg Return.

By Associated Press
ALTOONA, Oct. 13.—The strike of Pennsylvania shophmen which started in this city and Hollidaysburg last Wednesday ended at 3 P. M. today. The decision to call off the strike was reached at a union meeting last night but at an hour too late to get word to all the men in time to start at the usual hour this morning.

It began with the walkout of engine house employees on account of the appointment of an assistant foreman to which the men objected. The strikers were pinned on Friday by all the mechanical crafts in the big Altoona shops. Probably 15,000 men were involved.

Meetings yesterday afternoon and last night were addressed by several international union officials who pointed to the men that the strike was unauthorized and illegal and pleaded with the men to return to work and await the orderly adjustment of their alleged grievance by the federal government.

STRIKE OF MINERS

May Be Averted. Both Sides Expressing Willingness to Meet Again.

PHILADELPHIA, Oct. 13.—Although the conference between bituminous coal operators and miners, which was held here last week, ended in a deadlock and it was announced that a general strike would be called for November 1, there were indications today that the difficulties would yet be adjusted. Both sides officially declared their willingness to meet again, and it was strongly indicated that a third interest, more than likely officials in Washington, would bring the two together.

It was made clear that the issuance of the strike call would not affect the situation during the next two weeks. The spokesmen of the miners pointed out that instructions would be sent out to maintain the maximum of output in the course of the next two weeks.

WILSON SUFFERING FROM BRAIN LESION, SAYS SENATOR MOSES

White House Officials Refuse to Affirm or Deny Contents of Letter from Senator Moses.

WASHINGTON, Oct. 13.—Speculation over the exact nature of President Wilson's illness has been increased by the publication of a letter attributed to Senator George H. Moses of New Hampshire, written to a constituent in New England, containing the statement that the President had suffered a cerebral lesion and that, "while he may get well he will not be any material force or factor in anything."

The contents of the Moses letter became known yesterday and were brought immediately to the attention of Rear Admiral Cary T. Grayson, the President's attending physician, and of Joseph P. Tumulty, the President's secretary, who declined to affirm or deny the statement it contained or to authorize any statement as to the real nature of the President's illness.

The effect of the publication of the Moses letter has been a more insistent feeling throughout congressional circles in Washington that the situation has reached the point where some definite official statement should be issued to the country disclosing the exact nature of the President's illness.

WASHINGTON, Oct. 13.—President Wilson's condition remains much the same as for the past several days and his organs are functioning normally," said a bulletin issued today by his physicians.

TO AID SALE

Legion Men Hoisting Red Cross X Mark Signs.

PITTSBURGH, Oct. 13.—When the annual Red Cross Christmas seal sale opens in Allegheny county, December 1 it will have the united support of the American Legion. Resolutions adopted at the state convention of the legion, in which support is pledged to the anti-tuberculosis societies, such as the Pittsburgh Tuberculosis League, have been received here and are being spread among service men. The war demonstrated to army men the horrors that tuberculosis is making in America, for 50,000 men were rejected for service in the draft because they were tubercular.

This support from the service men is expected to greatly aid the Allegheny county workers to surpass the sales of previous years. More money than ever is needed for the anti-tuberculosis campaign, it is pointed out, because of the high cost of all material.

The sale in Allegheny county will be conducted by members of the Dispensary Aid Society in behalf of the Pittsburgh Tuberculosis League. The society is composed of women and girls prominent in the social and civic life.

VERDICT AFFIRMED

Superior Court Sustains Verdict in Fayette County.

The superior court has affirmed the verdict of the Fayette county court in the case of which Charles S. Boyd sued the Baltimore & Ohio railroad for violation of an agreement under which the defendant company established a siding at the plaintiff's sand bank near Dawson. The agreement provided that either party must give 30 days notice and it was charged the railroad company removed the siding without notice at all.

The action was begun in 1901 and in August 1913, a jury awarded the plaintiff \$80. This has now been affirmed by the higher court.

R. R. BUSINESS HEAVIEST THEY EVER HANDLED

More Cars in Service Than in 1917 or 1918; Strike Hinders in August.

MOVING COAL RAPIDLY

Decision Reached to Move at Least 11,000,000 Tons of Bituminous a Week; Conditions Make it Necessary to Handle Wheat in Emergency Way.

WASHINGTON, Oct. 13.—Walker D. Hines, Director General of Railroads, today authorized the following:

"The railroads of the country are now doing a heavier business for the present season of the year than was ever done in the history of the railroads in former years, practically as heavy business as was done at this season in 1918, which exceeded previous records. They have more cars in actual service, after excluding cars held out of service for repairs, than in 1917 or 1918. While the bad order situation was greatly embarrassed by the extensive strikes among shopmen in August, the percentage of bad order cars is now rapidly improving. There was an increase of 52,458 cars in serviceable condition between August 16 and October 4, 12,110 of this increase were added in the one week ending October 4.

"While the freight business is practically as heavy as at this time last year, the Railroad Administration in handling that business is unavoidably deprived of many exceedingly important cars which it was able to utilize last year. One of these is the zoning of coal, which last year compelled consumers to take their coal from nearby mines and thereby greatly increase the efficiency of coal transportation.

"This advantage has necessarily been lost because the coal zoning was terminated last winter. Another is that last year there was much heavier loading of many important commodities than it has been possible to secure this year and the result that under existing conditions more cars have to be used for the same amount of traffic than were used last year. There are various other important respects in which traffic was controlled in the interest of the war last year, so as to get maximum results out of rail transportation and with the resulting insistence of public sentiment upon release from war time restrictions these advantages have been lost. The fact that there is still a shortage in rail transportation is due to the condition that the amount of business offering is far in excess of the transportation facilities of the country.

"This has always been true in this country in times of heavy business in the autumn months except last year (Continued on Page Two.)

TEMPERATURE DROPS TO 37 DEGREES; HEAVY FROST IS REPORTED

Fog in Connellsville and Other Low-Lying Places Melts It and No Damage is Caused Here.

Heavy frost in the rural sections about Connellsville this morning was reported by farmers. One said ice formed on his place and that all vegetation was stiff. In other places, like in Connellsville, fog came during the latter part of the night and at dawn break there was no evidence of frost. Early risers, however, say it was heavy here, too, but that the fog overcame the effects. Although this was the first frost reported here, Painter Crossland said there was a noticeable deposit at his place in Bullis township on the morning of October 8. It caused no damage.

The minimum temperature last night, according to the thermometer at the West Penn building, was 37, which is low enough for heavy frost. The maximum recorded for the 24 hours ending at noon today was 51, which made Sunday the coldest day of the season.

The season here has been a most remarkable one. Since the beginning of autumn the temperature has been summer-like, often running into the eighties, with the result that vegetation has grown like in July or August.

TEETS, CONVICTED BIGAMIST, ILL IN PRISON HOSPITAL, IS VISITED DAILY BY TWO WIVES

They First Gain Entrance By Stating That They Are His Sisters.

PREPARATIONS TO BE MADE FOR CHURCH SURVEY IN COUNTY

Meeting to Discuss Plans Will Be Held in Uniontown Tuesday Afternoon.

Two of the wives of George W. Teets of Connellsville, convicted of bigamy at the last term of court, have not forsaken him. Teets is seriously ill of typhoid fever at the Fayette county prison hospital in Uniontown and he is visited almost daily by Wife No. 2 and Wife No. 3.

About 10 days ago, Teets was taken ill and his malady was diagnosed as typhoid fever. He was then removed from his cell to the prison hospital. His condition has not improved, it is said. Last week two women applied for permission to visit him. They came at different times, declaring they were his sisters. The prison authorities granted their request. They discovered, however, that the women were Teets's wives. Attendants at the hospital declare that each displays evidence of great fondness for the sick man, despite his conviction of having married three times. The situation is one of the most unusual the prison employees have had come under their notice.

Teets was convicted on September 5. Of the three "wives" the second, who was formerly Miss Ruth Mosier of Connellsville, was the only one to appear against him. Following the reading of the verdict, wife No. 3, Luella May Teets, rushed up to Teets and embraced him as he was being led back to jail. The first wife was not by a legal marriage but his common-law mate. Teets declared at the trial. She was known as Evalina Teets of Fairmont, W. Va.

LOSES BOTH KNEE CAPS

Lieutenant John Marshall Sustained an Unusual Wound.

John Marshall, son of the late E. H. Marshall, from whom no definite word has been received in Connellsville since his entrance into the military service, was met in Baltimore a few days ago by Mr. and Mrs. G. S. Connelley of this city.

While in overseas service Mr. Marshall attained the rank of lieutenant in the engineers and during engagements with the Germans received very extraordinary and unusual wounds. The caps of both knees were shot away. As a result he is obliged to wear braces which keep both legs stiff at the knees.

He is under treatment at the hospital at Fort McHenry, Baltimore, where efforts are being made to devise hinged braces by means of which he will be able to walk. Otherwise, Lieutenant Marshall is in the best of health.

MANY ARTICLES ARE STOLEN FROM KILPATRICK STORE

Revolvers, Cartridges, Field Glasses and Jewelry Among Things Missed.

PLACE FOUND IN DISORDER

Contents Tossed About in Every Direction When Manager, Miss Venetia Kilpatrick, Enters in Morning; Robbery Perpetrated Sunday Night.

The police were called today to investigate another robbery, perpetrated last night. Following closely on the robbery at the West Penn office building, a thief, or several, ransacked the store of the Empire Novelty company in North Pittsburg street, near Peach street, and got away with a lot of articles, the value of which had not been estimated today.

Entrance was gained from the rear of the building. Some of the stolen articles were taken from the display window in the front. A portion of the screen door had been torn away and a lower panel forced. Through this hole the intruders crawled into the place. They went out through the same door.

Among the articles known to have been taken from the store were three wrist watches, two .22 calibre revolvers, a lot of .22 cartridges, two masquerade suits, two field glasses, a telescope, a string of imitation pearls valued at \$20, and another worth \$9.50.

The robbery was discovered this morning by Miss Venetia Kilpatrick, the manager, when she opened the place. Everything was tossed about. The place was in a state of disorder, many things being tossed about. The more valuable articles were placed in the safe Saturday evening. It had not been disturbed. An effort to open the cash register which contained a few cents, failed.

The robbery was perpetrated last night, this being revealed by the foot marks in the rear of the building, which were made following the rain, which continued well into Sunday.

No clues have been found yet as to the identity of the person or persons entering the West Penn building. It is believed the novelty store robbery was the work of boys.

MOONSHINE PLANT

In Hotel Cellar Provides Source of Supply for the Proprietress.

Three revenue officers from Pittsburgh descended on the Hermine house at Hermine, Westmoreland county, last week and discovered a full-fledged still in working shape, with several barrels of "moonshine" whiskey in the cellar of the hotel.

Mrs. Mary Pekulski, the proprietress, and her helper, Mike Tekith, were arrested and taken before a Greensburg justice, who held both for court. Mrs. Pekulski gave bail in the sum of \$5,000. Tekith was unable to furnish bail and was taken to Pittsburgh, but later secured a bondsman and was released.

Since the death of Mrs. Pekulski's husband, four years ago, she has been running the hotel. When the ban was placed on the selling of liquor in this county, she is said to have conceived the idea of making her own whiskey.

says Doctor Connor formerly of Johns Hopkins Hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit by any form that goes as far as to date drug store and get some Nicotol tablets. Take them as directed and to the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in the paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets. BOTH THE SPIRIT AND ACTUALITY
OF CO-OPERATION.

While interest in the labor world is now centered upon the deliberations of the conference between labor and capital in Washington, the outcome of which means much or little in the direction of advancing the cause of industrial peace, according as the primary objects are kept in view or lost to sight, a conference of equal import to the business world is scheduled to convene in Atlantic City next week.

This is the International Trade Conference which has had its inception in the recognition by the business interests of both America and Europe of the need of a self-organized commercial arrangement among the countries which had been associated in the war. At informal meetings held in Paris it was suggested that a conference be held in Atlantic City, U. S. A., the seat of the world's opinion in the countries concerned was sought and the proposition met with instant approval. The initiative of the Chamber of Commerce of the United States in arranging for the conference, and securing the cooperation of England, France, Italy and Belgium, was taken with the approval of our government.

The purpose of the conference, therefore, is to bring together the leading business men and financiers of the countries associated as allies in the war, in an effort to come to a better understanding of questions of mutual interest, to work out programs of future development, and to inform each country of the difficulties and needs of the others.

The interest and cooperation of the leaders in business having been secured it is believed the conference will give American business men the inspiration they need to go forward, and that it will mark the beginning of a new commercial era. As a result of understandings that will be reached, friendly relations will be established between the business interests of Europe and America. American production will be stimulated to meet the needs abroad, and foreign buyers will be able to supply their wants in our markets on a mutually satisfactory and profitable basis.

The business interests of Europe and America are confronted with the immediate task of restoring to a normal basis the economic existence of their nations. Similarly the industrial and labor interests are confronted with the less urgent task of restoring industry to a peace-time basis. While the statesmen are debating issues involved in the formal ratification of the peace treaty, and agitators and revolutionists of various types are prolonging the period of unrest, the average citizen is asking: What about the primal necessities—food, clothing and shelter, and their corollaries, confidence and work?

Between these two conferences a satisfactory answer to this question should be furnished, but it will not be furnished here if the same persistent and obstinate inflexibility upon achieving the same selfish ends that dominated the parties to these conferences in the days before the war. Neither America nor Europe, neither business nor industry, neither capital nor labor are the same they were before the war. Old conditions have been wiped out; new conditions have arisen. To meet them there must be not only the spirit but there must be the actuality of cooperation and interdependence.

When you consider Democratic election methods and realize it is less singular than it appears to be that the virtuous Synclites or sons of the party find it inconvenient to give any attention to the alleged irregularities practiced at the primary in Georgia township.

The drop in temperature should have the effect of allaying the strike fever. Is the Labor-Capital Conference to be another Versailles?

When the Saturday football games were over the players presented a fair imitation of what some of the Syndicalist Democratic mud-slinging organs would like to do to their victims.

CAPT. SCOTT'S EXPLANATION

Of Legion's De Valera Revolution Does Not Satisfy Father Hackett.

To the Courier.

Knowing your love of fair-play and your attachment to the rule of the people I am confident that you will allow space to answer the explanation of Mr. T. W. Scott on the attitude of the American Legion to De Valera and the Irish cause.

1.—The Legion and Mr. Scott say that President De Valera is an American citizen and hence a drift dodger. Was De Valera's father an American citizen or merely a foreigner who was called an American port? Was his son merely born on American soil by accident? Was De Valera ever conscious of being an American citizen? Is one who is completely ignorant of a law a violator of that law? Did he ever claim to be an American citizen? No, not even to save his life from barbarous oppression.

2.—Mr. Scott explains that the Legion aimed the resolution at the individual and not at the Irish or the Irish cause. Let us see.

The resolution states that he "attempted to establish a German submarine base" in Ireland and "defeat the cause of the Irish." Is this

statement aimed at one man or the Irish cause? It is evidently a part of the British propaganda to discredit the Irish cause. The charge has been fully disproven. The ones who dealt with the German foe was Carson and the Orange lodges.

3.—The Legion called De Valera a self-styled President. At what is that charge aimed? Is it not the Irish right to choose their own government?

The organizers of this Legion are closely associated with the "League to Obtain Peace." This league was established by Carnegie's millions to undo the work of the American Revolution. These Tories then and now are opposed to the rule of the people. This resolution was carried by steam-roller methods. The chair refused to recognize anyone who wished to oppose it. Yours truly,

JOHN HACKETT,

MOUNT PLEASANT, Oct. 13.—News in the history of St. Joseph's church has been gathered such a crowd as that which assembled at the church yesterday afternoon to pay tribute to Sergeant Andrew B. Cruthers. Every seat was occupied. Comrades of Cruthers who fought side by side with him were his pallbearers and Harry Kane of Company E carried the colors. Captain John Kennedy had a large number of Company E boys acting as military escort. The casket was draped in red, white and blue, topped with a keystone, the insignia of the 88th Division. Rev. John Hackett, pastor of the church, preached a wonderful sermon and paid every tribute that can be paid a soldier who fought as he did. Joseph Skerger and Richard Bowen, Sr. were the soloists. Beautiful floral tributes were received, among them being a handsome piece from members of Company E.

A large crowd had gathered at the cemetery and here a special honor was paid Sergeant Cruthers. His body was laid in a plot of ground in St. Joseph's cemetery set aside for priests and other notable Cruthers was buried in the local church and Father Hackett had his body buried in the shadow of the cross. A short service was conducted by Mike Garsnick, bugler.

Suicide Attempt Fails.
Sam Straits, who gave his age as 28 years and Uniontown as his residence, took two ounces of iodine Saturday evening with suicidal intent. He has been boarding on Sunkler Hill recently. Straits had been calling on a local young lady and after being told by her father that he could not marry the daughter, it is said, he took the iodine. A neighbor called the police and Officer M. F. McCully responded. Although he was very stubborn, the police gave him an emetic and then took him to the hospital for treatment. Later he was locked up, where he was held until morning and then released.

Straits is a veteran of the late war, and was wounded. He proudly displayed his scar.

PITTSBURG MAN SAVES PLANT JUICE SAVED WIFE'S LIFE

Sensational Testimonial Given for New
Medicine by a Well-Known
Man.

Plant Juice, the new herbal stomach remedy, has proven its ability to help a disordered stomach, and has demonstrated that it can relieve the most obstinate cases of long standing stomach, liver and kidney troubles, and

HENRY J. HOLLEY

rheumatism. That this is proven conclusively, it is only necessary to read the statements of well-known local people who have been restored to health by Plant Juice.

Mr. Henry J. Holley, of No. 4310 Main street, Pittsburgh, who has many friends and acquaintances in this city, recently stated in the following how his wife was restored to health by Plant Juice.

"For years my wife had been in a very bad state of health and got so weak that I became greatly alarmed, as I thought I would lose her. Whenever she ate any food she would suffer the most excruciating pain, and was badly bloated with gas. She could not sleep at night and got weaker every day. I had tried everything in the shape of medicine, but nothing seemed to relieve her until finally a friend begged her to try Plant Juice. I am certainly glad she did, for she is now feeling better and stronger in every way and can eat her meals; she sleeps well and has no more pain. I am certainly grateful to Plant Juice for saving my wife's life. I am glad to recommend it to others."

Plant Juice is sold in Connelville at Roy Hetzel's drug store and the Connelville Drug Co. store.—Adv.

Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For
Trifling Sum and Used in
Time May Prevent
Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating—its intensity can be reduced to a harmless mildness."

It is a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unquarable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity. People who want to try this new treatment can make a pint in a few minutes.

Four ounce of Mentholized Araline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Araline in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a toothpaste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 85 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

SENRECO is sold in Connelville at Roy Hetzel's drug store and the Connelville Drug Co. store.—Adv.

DON'T LET THE "FLU" GET YOU THIS FALL

You Can Almost Surely Avoid That Dread Disease By Taking
Chaseo-Vin, a Most Palatable Body-Building Tonic.

The terrible harvest reaped by the "flu" a year ago will last long in our memory. No one would have it repeated at any cost, hence all should take every precaution in time.

During the last epidemic thousands were safeguarded by taking Chaseo-Vin, a body-building tonic that does build.

Chaseo-Vin is sold in Connelville by C. Roy Hetzel, Woolworth Building, and Clark's, 323 N. Pittsburg Street, ONLY.

Cleveland, O., in May. This conference was attended by 500 delegates representing 200 different religious agencies. It amplified and approved the plan and, from that moment, the Interchurch World Movement was an accomplished fact. The general committee includes such well known leaders as Stephen Baker, Fred E. Smith, James M. Spears, Warren S. Stone, F. P. Hargard, Raymond Robins and John White Bair. S. Earl Taylor, Executive Secretary of the Methodist Centenary Organization, is general secretary. John R. Mott, international head of the Y. M. C. A., is chairman of the executive committee.

Realizing that no adequate program of cooperation could be worked out until all the facts were known, the movement already has begun its surveys.

The home surveys may be divided roughly into two parts, rural surveys and city surveys. The rural surveys are under the direction of Dr. Edmund de S. Brunner, of the Moravian church, a leader in rural matters, and Herman N. Morse of the Presbyterian Board of Home Missions. Rev. Irvin E. Deer is the Supervisor of the rural survey for the state of Pennsylvania. City surveys are under the direction of W. P. Shriver, Henry P. Schauffler, William H. Patterson and Walter Laidlaw. In addition there are surveys of special problems, such as the immigrant question, the foreign language colony, work among negroes,

KEEP LOOKING YOUNG It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

DIAMOND CUT DIAMOND

Jane Bunker

I went quietly home feeling I had gained forward one step at least. Mrs. Delario had admitted her suspicions, which I did not consider any of my affair—and she had confirmed my suspicions that De Ravenol was trying to rob her. "All right, let's see him do it," I thought; but how—she hadn't told him—and she said she hadn't—and of course, she was right—under the heavens did he know, or even suspect that I had her diamonds?

I hid my rubber—these things were my life, through the half to the elevator was noiseless. The elevator car was up, and as I heard it coming down, I did not ring. I was standing with my back to the shaft, facing the door of the rear flat—I stood at most three feet away from that door. Without the slightest sound of foot-steps from the hall of the flat, that door opened—a man's face looked out—looked at me—and the door noiselessly closed.

It happened in a flash, so silently, that had my back been turned, had I

George grinned, interested and sympathetic. He seemed to have an explanation all to himself as adequately as I had to Mrs. Delario. "I unlocked the door as quickly as I could—I didn't mean to let George think I attached any importance to the matter. I knew enough. The man was a fellow tenant in the same house, in the flat directly under mine, and George was his paid spy. As I shut the door, I asked myself, 'What next?'

I had a fleeting idea of keeping Jimson with me for the night; but I couldn't think of any explanation for so unusual a request. I could not take her into my confidence—if she stayed, I could hardly keep her out of it. She was anxious to go home—I saw that, and I didn't blame her; and I was anxious to be alone and think, and I felt only relief as I saw the last of her faded skinny weeds, her faded skirt, and I said good-by to her heartily, little realizing that she was the one human being who stood between me and Monsieur's machinations, and that when she closed herself out, she closed me in—a prisoner.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithid, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

The Man Was Monsieur De Ravenol, been watching the descent of the car. I should have been none the wiser.

The man who opened the door was Monsieur De Ravenol.

I could not possibly be mistaken. The main hall-light shone full on his face. He was hatless. And what was more—he recognized me and knew I had recognized him!

I was stupefied! The man was evidently living in the same house with me!

The rattling elevator recalled me to my senses as George, smiling and talkative, opened the door for me to get in. How much did George know? The car slid up.

"Who is the gentleman living in the rear flat?" I asked with much unconcern as I could. "The French gentleman—foreigner—I don't know if he's French or what. What is his name?"

"His name?" George considered this pass another floor, and I repeated the question.

"I don't know his name—he ain't been here long."

"When did he take the flat?"

"Well, now I don't know just which day it was, but it was before you came home—maybe two days, maybe a week, ah! he ain't really moved in yet—only a bed and some chairs. He says he got furniture coming from the other side so he don't want to put no more here than he can help."

"Naturally! Did he speak to you about me?" I put the question boldly as the car stopped at my floor. George hesitated and then admitted:

"Well, he did say he thinks he knows you." He appeared reluctant to discuss Monsieur.

"He looks in a new light." The gentleman is very rich, George. I hope he liked you well."

George was instantly enthusiastic. "He does—that! He gives ten dollars."

"He's good for another ten, George, if you work him right!" I affirmed. "Oh, you needn't be so shy! He asked you a lot of questions about me and you don't want me to know it. You told him everything you knew."

"Well, that's right," George broke in sheepishly. "He did ask me some questions, but honest to goodness, I ain't told him anything yet—I tell him I don't really know much about you. That's what I tell him, honest to goodness."

"He really paid you for telling him every time I went out or came in, didn't he?"

But George was suspicious and on guard at once. He threw open the car door without answering.

"Oh, all right," said I carelessly, but not stepping out as I saw he wished me to. "You needn't give it away, but I know, all the same, so it doesn't matter whether you tell me or not."

"What you suppose he so particular to know for?" asked George, indignantly feeling he was guarding his secret while gratifying his curiosity.

"How should I know? Maybe he wants to hang flowers on my door. As a very rich, I understand."

GREENSBURG DEFEATS CONNELLSVILLE H. S. BY SCORE OF 34 TO 0

Westmoreland Players Outclass the Locals and Roll Up Five Touchdowns.

Greensburg defeated Conneltsville 34-0 at Fayette Field on Saturday afternoon, after two years in which the locals held their Westmoreland county rivals to 0-0 ties. The locals were outclassed, although they put up a good game, despite the sea of mud into which the field had been transformed by the rain.

After Strawn received the first kick-off and ran it back 15 yards, the locals promptly lost possession of it on downs. Greensburg took it down the field without any trouble and Coleman took it over from the 10-yard line for a touchdown. Their second touchdown came shortly afterwards, as the result of a long forward pass.

Even after Bufano intercepted a forward pass in the second quarter and made a 20-yard run, the locals could not gain and again lost the ball on downs. Here Bufano again intercepted a forward pass. Conneltsville retained possession of the ball until the second quarter ended.

The rain began in the third quarter and for a time it seemed as if Conneltsville would hold Greensburg to two touchdowns already scored. Kelly, however, took the ball over for a score about the end of the quarter. In the last quarter, Greensburg scored twice. Kelly and Davis taking the ball over the latter scoring after a sensational 40-yard run. The speedy Davis was Greensburg's mainstay. H. Robinson kicked four goals.

Strawn, Danner, Bufano and Merese starred for Conneltsville.

The lineup: Conneltsville: Jones, L. E. Guard; Critchfield, L. T. Tackle; Sine, L. G. Tackle; Yaw, C. H. Robinson, End; Olesky, R. C. Line; Mountain, R. T. Line; Menefee, R. E. Line; Bufano, Q. B.
